chosen. The election of a secretary was deferred until this morning, but it is definitely decided that the present secretary, C. L. Whitney, of Muskegon, will not be re-elected, as it is the opinion of a maj rity of the board that the interests of the society would be looked after better if the secretary resided in Grand Eapids. The directors last ugust refused to state who the probable choice is. The premium lists and there may be a premium lists and the reasons only.

Comptroller Vandenberge Pushing the Collections on Tax Titles.

Two weeks ago Comptroller Vandenberge was ordered to employ elemeal assistance to aid in collecting the city's tax title claims. Already the results of this work are apparent and not one dollar of the claims are yet due. Within the past week three persons against whose property claims were held have come in and paid. The amount collected this week is \$52.74. The notices sent out by the consutroiler to persons to come in and settle, gave the thirty days time in which to do so. The thirty days time has not expired and yet men are coming in and paying up. Last May Mr. Vandenberg saxed to be allowed to do this work, but was allowed no cierk to do the work, serve the notices and draw up the claims. Had the common council given the matter attention at that time one-half of the \$30,000 outstanding might now be collected and in the city depository. These claims are numer ous and range in value from \$1 to \$5,000 each. Mr. Vandenberge says he has no doubt that the claims will be paid very rapidly when the money due on the nonees first seat out. The clerk emp ayed is sending out notices all the time as rapidly as he can, and the money from these claims will pour in rapidly for some time.
